ON PIECE

DUNLAP'S
Corn, Bunion and Wart Destroyer

Soak feet in warm water, containing a small quantity of sal-soda, from 5 to 10 minutes, scrape the outside of the corn or bunion with a knife, apply the destroyer to the affected part as thin as possible about 3 times a week; 4 to 5 applications being sufficient to cure the affected parts. Should the corns be between the toes—soft corns—place a piece of cotton between them to keep the medicine from being rubbed off. For warts cover with destroyer until removed. Keep well corked

PRICE, 25 CENTS.
—Sold by all Dealers—
